A Note About Water Bottles

We're so pleased to see that so many of our students are bringing water bottles to school each day—staying hydrated is an important part of learning and staying healthy!

However, we'd like to ask for support in reminding children about safe and sensible water bottle use. Water bottles can be surprisingly heavy and can cause accidents or injuries if they hit someone.

Please take a moment to talk with your child about:

Carrying their water bottle safely, not swinging or throwing it.

Keeping it in their bag, on their desk, or in the designated classroom space when not in use.

Using it only for drinking, not as a toy.

By working together, we can ensure that water bottles continue to serve their purpose—keeping our students refreshed and ready to learn—without creating unnecessary risks in the classroom or playground.

Thank you for your ongoing support in helping us keep our school a safe and happy place for everyone!

Parking

We have had numerous complaints from local residents regarding the inconsiderate parking of our parents/carers at our school. We regularly receive complaints about residents having their driveways blocked, their cars blocked in and frequent confrontation when they are asked to move or not block them in.

PLEASE show respect to our neighbours and surrounding community and be mindful of where you park and leave your car. Please do not park over lines, across driveways or block cars in.

Pupil Achievements

Well done to Archie in Year 4 who achieved his first learn to swim award and star of the week during the school holidays!
